12 TO TRADES – 6 WEEK COURSE

Regina Trades & Skills Centre offers a 12 to Trades employment program. The program is designed for recent high school graduates seeking a start toward a career in the trades. The choice is yours regarding which trade you want to get into. We provide safety training, workplace readiness, and then we place you with a mentor company in that specific area. This is a get-your-boot-in-the-door opportunity. Although there is no trade-specific training in the classroom, your base knowledge allows you to learn on the job, with a high chance of apprenticeship. There is no cost for the program; wages are paid throughout the program, and RTSC secures the work placement/employment opportunity for you.
